Dear CUSBians.

"Interesting things happen when the creative impulse is cultivated with curiosity, freedom and intensity", the famous quote given by Saul Bass, an American graphic designer & Academy Award-winning filmmaker goes very well with a progressive institution like the Central University of South Bihar (CUSB). Fortunately, being the Public Relation Officer (PRO) as well as the Editor of CUSB Times, I got the opportunity to closely follow the faculty members and students of the University, who keep on doing the exceptional things time-and-again that deserve special mention in the Newsletter. As said in the above quote, CUSB has many achievements in its kitty during the period of October 2017 - March, 2018 that portray the creative impulse and curiosity to achieve something exceptional among all. In fact, their achievements speak louder and as an Editor my enthusiasm increases many folds when I get the opportunity to meticulously compile them in the form of events and activities in the News letter. The faculty members of the University with foreign and national exposure besides their routine teaching activities remain engaged to enhance their academic arena with activities such as publication of papers, books, book chapters, participation and presentation in workshops and conferences, grabbing the funded research projects, honours, etc., tickle the creative impulse of the University. At the same time, the focused students of the University along with securing good grades in exams also activities always remain on toes to showcase their talent in extra-curricular activities. The students earned plaudits with their cultural performances such as dance, singing, drama and national level sports competitions. With this edition of CUSB Times it is tried to share the bygone moments and achievements that may be kept as a memoir forever. Last but not the least, the 2nd Convocation of University held on 27th March, 2018 was a major highlight of sixmonth duration, hence this edition is dedicated as "Convocation Issue".

t gives me immense pleasure to patronise the latest edition of CUSB Times, the bi-annual newsletter of the University. Named as "Convocation Issue", this edition is more special as it carries the Grand Event i.e. the 2nd Convocation of the University in nutshell. The presence of JANAK of Super Computing in India, Padma Bhushan Dr. Vijay P. Bhatkar as the Chief Guest was a historic moment and a moment of pride for the entire University fraternity. Presently the Chancellor of Nalanda University, Dr. Bhatkar is a renowned Scientist in the area of Information and Computer technology who developed the Param Super Computer. Dr. Bhatkar delivered the Convocation Address and praised the efforts of founders of the University, "teaching and non-teaching staff and students for taking the institution to new heights" in short period of time. Each-and-every word of Dr. Bhatkar's Convocation speech was like a blessing for us, and its profound impact filled the mind and souls of the University fraternity with positive energy and high enthusiasm to give their best for bringing the institution ahead among India's best institutions. As the Vice-Chancellor, it was a cherishing feeling for me listening to the worthy speech of the Chief Guest and praiseworthy remarks given about the University, which altogether was quite satisfactory and encouraging for all of us. Presiding the Convocation ceremony in place of the Chancellor and further giving away the degree and award of gold medals to the students in presence of Chief Guest, esteemed members of the Academic Council, Executive Council, and distinguished guests was a delightful experience. Likewise, there were other achievements and activities in and off-campus that are equally exemplary, and I congratulate all the stake-holders directly and indirectly associated with them. Before signing out, let me clarify that it is very difficult to run the University as the head of institution specifically when it is in transition phase from temporary (rented) premises to its permanent campus at Panchanpur. However, I thoroughly relish the challenges and give my best to act accordingly in the interest of the institution. Personally, I find that I am never really aware of timing or anything else because I am passionate about what I do and the goal I have to accomplish. As usual, I am very optimistic with my team to achieve the targets in stipulated time with high efficiency, so that a great institution with the name "Central University of South Bihar" get established in the coming years, and generations would remember the efforts of founding members.

With best wishes

the Zume

(Prof. Harish Chandra Singh Rathore)

#### 2<sup>nd</sup> Convocation - 2018

The Central University of South Bihar (CUSB) awarded degrees to the passed out students during the 2nd Convocation of the University held on March 27, 2018 (Tuesday) at the auditorium of Birla Institute of Technology (BIT) in Patna. Padma Bhushan Dr. Vijay P. Bhatkar, the renowned Scientist in the area of Information and Computer technology graced the occasion as Chief Guest. Presently the Chancellor of Nalanda University, Dr. Bhatkar delivered the Convocation Address and congratulated the CUSB fraternity for scaling the new heights in the short span of nine years since its establishment in 2009. The chief guest specifically mentioned about the contributions of founder Vice-Chancellor Prof. Janak Pandey for shaping

up the academia of a new institution. Further, he praised current Vice-Chancellor Prof. Harish Chandra Singh Rathore for carrying ahead the University on a right path and ensuring all round development. Dr. Bhatkar also congratulated the Vice-Chancellor for taking the steps for starting six new postgraduate courses in forthcoming academic session (2018-19) and for its new building in Gaya that would be functional from July 2018. India has come a long way since Independence, when it was a poorest country on the globe, but I have seen the flight of the country in the last seven decades. However, contrary to some negatives, I am proud of its accomplishments and it is a matter of pleasure that India is now firmly on the growth path. If it continues further, I am sure the 21st century would belong to India. When we were students, we had to work really hard to collect any information from various sources. Today, however, students have access to everything. They simply need to utilize the facilities efficiently," Dr. Bhatkar said and urged students to follow tradition and values. As you pass out today, now your real education will begin in the real world. Remember, this time of history will never come back again and you all have to make it count. It is a great opportunity for students studying in this University as they can utilise their opportunity not only for academic excellence but for the development of the society. He said the graduating students were passing out a time when the country was blessed with a unique opportunity like never before. At present India is the third largest Economy and is expected to surpass even the USA by 2040. It has a rich demographic dividend with an average age of 29 years. India today has one of the largest Education systems of the world. Even in the field of science and technology, space technology and computing, the country has achieved a lot despite starting from scratch. We are now launching satellites for the world. The entire world is surprised by India's development, added Dr. Bhatkar.

#### 2<sup>nd</sup> Convocation - 2018

Earlier, CUSB Vice-Chancellor Prof. Harish Chandra Singh Rathore presented the Annual Report of the University and highlighted the goals and achievements. Prof. Rathore said that the university has moved forward since its inception in 2009. The university from the next academic session will shift to its permanent location at Panchanpur in Gaya. The campus that is coming up on 300 acres will be of worldclass standard, which is zero discharge green campus complying with Green Rating for Integrated Habitat Assessment (Griha's) five-norm rating. Adding further, Prof. Rathore said an ideal University must focus on integration of education with values. It was a tribute to the CUSB's solid foundation and work ethos that it had achieved "A" grade in NAAC and ranked 94th in the National Institutional Ranking Framework (NIRF) in 2016. It is because of the University's innovative teaching and evaluation process. Soon with the implementation CBCS (Choice Based Credit System) the students of the University will have full flexibility in designing the curriculum and education on demand, said the VC of CUSB. A total of 675 students passed out in the Academic Year 2014, 2015, 2016 and 2017, were given their degrees during the Convocation ceremony. A total of 90 Gold medals were given to toppers which included Chancellor Gold Medal (5), School Gold Medal (25) and Department / Centre Gold Medal (60). Sucheta Sharma (MSc Mathematics), Rohit Kumar (Integrated BSc+BEd), Puja Kumari (MSc Computer Science), Fauzia Parween (MSc Life Science) and Premlata Kumari (MSc Biotechnology) got the 'Chancellor Gold Medal'. The students in specific dress-code (traditional Indian attire) with dazzling smiles were present inside the auditorium to receive their degrees. For girls, the dress code was white colour salwar, kurta and dupatta or white sari with red / maroon border with matching blouse, while for boys it was white cotton kurta and Aligarh payjama. The students were also donning a head dress (pagdi) and a patka with the University logo on one panel and the Convocation logo on the other panel. Many dignitaries like Nalanda University Vice-Chancellor Prof. Sunaina Singh, National Institute of Technology-Patna director Prof. P. K. Jain, Mahatma Gandhi Central University (Motihari) VC Prof. Arvind Agarwal, CUSB ex-VC Prof. Janak Pandey, Pro-VC Prof. Om Prakash Rai, Registrar Dr. Gayathri Vishwanath Patil, Controller of Examinations Mrs. Rashmi Tripathi and Finance Officer Mr. Girish Ranjan attended the Convocation Ceremony.

The Red Ribbon Club (RRC) members of CUSB participated and volunteered for creating awareness about Blood donation in Patna on the occasion of Bihar Diwas celebrated on March 22, 2018. The RRC members promoted the Blood Donation Camp organised by Bihar State AIDS Control Society (BSACS), under the guidance of Dr. Ajay Kumar Singh, Nodal Officer of RCC, CUSB.

The team of students spread information about blood donation in presence of Health Minister of Bihar Mr. Mangal Pandey. The students presented a skit based on the significance of Blood donation. Ms. Kriti Kumari of M.Sc Bioinformatics and Mr. Balmukund Jha of M.Sc. Computer Science directed this skit. While Ravi Ranjan Paswan, Abhishek, Sagar Kumar, Sanju Kumari Singh, Manish Kumar, Sneh Prabha, Anjali Kumari and Ravi Ranjan Sharma were the main participant in this event. The health minister given away certificates and Tshirts to all members as token of appreciation and congratulated the Red Ribbon Club of CUSB for their motivational promotion.

## Workshops & Conferences

#### **Bioinformatics**

#### Prof. R. S. Rathore, Head & Dean

Delivered a lecture on Novel dual-binding cation inhibitors of AChE: structure-based design, synthesis and biological evaluation in Inbix'17: Indian Conference on Bioinformatics November 7-9, 2017, Birla Institute of Scientific Research (BISR) Jaipur, India.

#### Biotechnology

#### Dr. Rakesh Kumar, Associate Professor

Given an oral presentation on "Mandelic Acid Incorporated Antimicrobial Soy Protein Film Fabricated By Solution Casting" in international Conference on Advances in Polymer Science & Technology at Radison Blu Hotel, New Delhi during November 23 - 25, 2017,

#### Dr. Nitish Kumar, Assistant Professor

Delivered an invited lecture in a national Level conference on "Plant Systematics & Biotechnology: Challenges & Opportunities", during November 28-30, 2017.

#### Dr. Jawaid Ahsan, Assistant Professor

Delivered an invited talk on 'Studying olfaction in Drosophila melanogaster' at the 3rd Biennial InDRC (Indian Drosophila Research Conference) 2017 Meeting at IISER, Bhopal during December 6 – 9, 2017.

#### Life Science

#### Dr. Gautam Kumar, Assistant Professor & Co-ordinator

 Participated in international conference on "Novel applications of Biotechnology in Agriculture Sectors: Towards Achieving Sustainable Development Goal-2018" at Institute of Agricultural Sciences, BHU, Varanasi during March 20 – 21, 2018 and got first prize in poster presentation.

#### **Centre for Development Studies**

#### Dr. Firdaus F. Rizvi, Assistant Professor

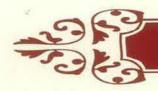

- Presented paper on "Employment Inequalities among Muslims in India" in a two day national Conference on Indian Economy: Challenges and Prospects organised by Centre for Study and Research (CSR) Hyderabad and Council on Economic Research (CER), New Delhi during March 03 – 04, 2018.
- Participated in UGC sponsored Refresher Programme organized by UGC-Academic Staff College, Human Resource Development Centre, University of Allahabad from 27th November to 17th December 2017.

#### Centre for Sociological Studies

#### Dr. Anil Kr. Singh Jha, Associate Professor

- Delivered an invited lecture on Role of Education in Empowerment of Women in National Seminar on "Women Empowerment Through Education and Information Technology", organised by Centre for Social Defense and Gender Studies, Sardar Patel University of Police, Security and Criminal Justice at Jodhpur during December 22-23, 2017. Also chaired a technical session in the national seminar.
- Presented a paper entitled "Silence of Pain: Domestic Violence in Bihar in 43rd All India Sociological Conference on "Neo-Liberalism, Consumption and Culture", jointly organised by Indian Sociological Society and University of Lucknow during November 09 - 12, 2017.

#### Faculty Achievements / Activities

#### Dr. Priya Ranjan, Assistant Professor

- Presented two papers namely (i) Contextualizing the notion of Labour in Ashram Life: A Study of Maharshi Mehi Ashram, Bhagalpur (ii) Involvement of Children in Sports in Neo Liberal Era in the 43rd All India Sociological Conference organised during December 09-12, 2018 in Lucknow.
- Attended Orientation Course in Jawaharlal Nehru University, New Delhi during, 8th January - 2nd February, 2018 and also delivered a talk on "Mahatma Gandhi: A journey from Swaraj to Suraj during the course.
